VOLUME 12.

A choice selection of news and miscellaneous matter—arranged with care and expense—will be found on our inside pages.

THANKSGIVING DAY opened upon us with a snow-storm, which militated somewhat against the enjoyment of the day—yet the attendance upon the places of worship was about the average on such occasions. By mutual arrangement, all the places of business were closed from 10 until 3 o'clock, after which family and social gatherings were the order of the day.

At the Myrtle Street church Rev. Dr. Spaulding of the Methodist church delivered an elegant discourse—just suited to the times. It was a scholarly production—radical in sentiment, eloquent in diction, and sound on the great questions of the day. It was refreshing to patriotic in every sentiment. He was assisted by Rev. Mr. Wright and Rev. Mr. Langley in the opening and closing services.

Rev. Mr. Hills, of Assumption church, delivered a discourse which we hear spoken of as one of his finest efforts. Mr. Hills never inflicts a cheap production upon his hearers.

The day was unusually quiet for a holiday, which may be accounted for through the voluntary closing of all the saloons by their proprietors.

REY YOUNG'S OPEN—The new and get what you pay for, and in buying Salter's always call for Smith's, which is without question the best market article, as he only manufactures one grade, and that is "A. No. 1."

Noticed, for where there are several grades manufactured, always buy the cheapest, because it yields them greater profit.

Smith's Salter's always nice, uniform in strength, and full weight. Besides being child-proof, and the poorest article in market.

MRS. SOCIETY—The Myrtle-st church Social will meet to-morrow evening with Mrs. G. M. Seymour, corner of Third and Mulberry. A full attendance is desirable for business purposes.

FESTIVAL—The ladies connected with the Universalist Society will give a Festival in Armory Hall to-morrow (Thursday) evening, for the benefit of the Society. Refreshments will be served, and an extensive variety of fancy articles offered for sale. A gay and festive time is anticipated.

THROUGH THE ICE—Our old friend Nich. Ahl attempted to cross the lake on Monday morning with a wagon heavily laden. Either the ice was too thin or Nich's load of ice was too heavy. The wagon slid off the ice and the driver was killed. The dry goods and groceries were all rescued, however, though in a molten condition.

BURNED—Last Friday afternoon the lumbering camp of Ed. Stewart and Sam. Mathews on the Minnesota river was destroyed by fire. They lost all their supplies, amounting in value to near two thousand dollars. These two good fellows have the sympathies of hosts of friends. On Monday they made out a new bill of supplies and forwarded them, not feeling in the least discouraged. We trust they will experience more prosperous gales "when the logs come down in the Spring."

STILLWATER IMPROVEMENTS—We had commenced the preparation of an article showing the improvements of the past summer in our city for to-day's MESSENGER, but after spending near two days in collecting facts, we found that we could not complete the same for to-day's issue. It will appear in our next issue.

In proportion to our population, Stillwater has made greater advancement during the past summer than any city in the North-west, and will be shown by our collection of statistics.

We shall print an edition of several thousand copies; but persons desiring to secure them to send to friends abroad, should leave their orders as early as next Tuesday. We shall only issue to the rest of the city.

Send in early if extra copies are desired.

WINTER—This is the first week of winter. Soon we may expect snow and chilly weather. Be careful of exposure, and provide yourselves with Coats, Cough Rubbers, Croup, Colds and Sore Throat. It is an excellent remedy.

SKATING—A thousand, two thousand or three thousand boys and girls were on the ice Monday and yesterday in the rear of our office. The scene was beautiful. Price of admission from our windows, \$2.00 per hour. Small children not admitted. Opera glasses not needed—the naked eye will comprehend the view. No reserved seats.

"RESCUING HEAVEN AND PEACE FROM HELL"—Very properly describes those who, suffering from an acute malady as Diphtheria, difficulty of swallowing, and like complaints, behold their fellows on every hand in the full vigor of perfect health.

But every such can find relief in Dr. J. Polak's White Pine Compound—the never-failing remedy.

CORNS—A man possessed of one leg fleshy and one of wood woolly, has been around town for some days proposing to extract corns from the toes of the afflicted, and has made his business to accost every pedestrian on the street with the inquiry—"have you corns on your feet?" Meeting Pat. Whelan—who stands six feet four with pinery out-fit—the same question was propounded to him. With a comical smile peculiar to Pat, he looked at his feet and replied—"no, sir! these are moosehoofs!" The corn extractor left town on the first boat.

THE GREAT CIVILIZERS OF THE RACE are the school, the church and the railway. But the White Pine Compound of Rev. J. W. Fitts penetrates every nook and corner of civilization, with healing in its wings, "to cheer, to comfort and to bless" all who are troubled with coughs, colds, &c. Sold by Carl & Co. and by H. M. Grandall at \$1 a bottle.

THANKSGIVING PARTY.—One of the most pleasant entertainments of the season took place at the hospitable mansion of Mr. William Rutherford about three miles from the city, on Thanksgiving evening. Near two hundred guests were entertained in the most luxurious style. A large number from the city were in attendance.

BRISACOPAL CHURCH.—The Pastoral Aid Society will meet on Thursday of this week at 3 P. M. in the Rev. Mr. Hills' study, Mower's Block, Third street. A full attendance is requested.

Sunday services at the church at half past 10 and 3 P. M. Collection at each service to liquidate the church debt.

Miss Fay will meet the "Missionary Army of Children" at half-past five in the church every Sunday, to practice music.

MASQUERADE BALL.—The Stillwater Cornet Band will give a grand Fanny Masquerade Ball either on Christmas or New Year evening. Time and place will be announced definitely hereafter.

ALMOST A FIRE.—The Minnesota Stage Company's barn caught fire late on Monday evening from a lantern kept in the barn. The fire was fortunately discovered by some parties who stripped the horses of their blankets by which means they extinguished the fire—which was on the door—by means of smothering the flames before any general alarm was given.

CLOSE OF NAVIGATION.—Last Thursday, the 25th, the weather turned suddenly cold, and on the morning of the 29th an ice-berd spanned Lake St. Croix. The last steamboat arrival was the Mollie Mohler, on last Wednesday, the 27th. The next arrival will be, sometime next Spring—probably in April.

FREE LUNCH.—Jo. Weinshenk, immediately opposite Keiser's Block, Main street, spreads a free lunch every day from 10 to 12 o'clock. He invites all who "hunger and thirst" to come to his tables and partake freely. They are bountifully supplied with soups, roast fowl, &c. &c. Jo. has winning ways.

SARS.—It is safe to say that no better Salter's can be made than Dr. R. De Land & Co.'s. Besides it is full of light, and that is more than can be said of other Salter's.

THE STUTTERING WIFE.—John G. Saxe ought to be a funeral. If twelve marriageable women attend his funeral, they would bring in a verdict of guilty of manslaughter in the first degree for his latest production. This is what the miserable scamp says:

When deeply in love with Miss Emily Pryne, I vowed, if the lady would only be mine, I would always endeavor to please her.

She blushed her consent, tho' the stuttering lass said never a word except "You're an ass—"

An ass—can you wonder, then, that I was married to her with my right hand, and my left to the devil?

For when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

And when I was married to her with my right hand, and my left to the devil, I was married to her with my right hand, and my left to the devil.

The Useful Mechanic.

All mechanics are useful; but the useful mechanic, *per se*, may be divided into two classes, those who are useful to the public, and those who are useful to themselves.

The first class are those who are useful to the public. They are the men who are always in demand in shops where there is work to be done. They are the men who are useful to the public.

The second class are those who are useful to themselves. They are the men who are always in demand in shops where there is work to be done. They are the men who are useful to themselves.

A Boston gentleman reports to the *Post* that a multitude of little make-like worms have been observed in a sound coffin, and so tenacious were they of life that an hour's boiling was not sufficient to kill them.

A little girl in Philadelphia, while at school the other day, stood with her back to the stove, and her clothes caught fire, and before they could be extinguished she was so severely burned that she died in great agony in a few hours.

A man in Hartford, Ct., advertised recently that on receipt of a certain sum, he would, by return mail, instruct an applicant how to make a fortune. His directions were: "Put a candle in a half barrel and half home-made—*as I did*, and always be ready to pick up a stray chicken."

At Ann Arbor, Michigan, recently, while a little daughter of John Harris was playing around a bonfire, her dress was suddenly seized by the flames. Mrs. A. Snorer rushed to the child's rescue, and when she was alone, she instantly fell in flames, and both were so badly burned that they cannot possibly survive.

In Columbus, Ohio, on a recent Sunday evening, a fire, in the shape of a woman, was playing around a bonfire, her dress was suddenly seized by the flames. Mrs. A. Snorer rushed to the child's rescue, and when she was alone, she instantly fell in flames, and both were so badly burned that they cannot possibly survive.

POINT DOUGLAS
Marble Works

The undersigned having entered into a partnership for the more extensive manufacture of

MARBLE MONUMENTS,
GRAVE-STONES, &c.,
are now prepared to fill all orders for Gravestones or Monuments at about twenty-five percent less than any other establishment in the West.

Prices must come down, and we have begun and will carry it out.

However, Mr. C. J. Aldrich has sold more Marble in Minnesota than any other man living in the State, and parties need only visit the Cemetery at Stillwater, or inquire of the parties to whom he has sold to know that he sells the best work in the West. We have advantages over any other point on the river as a place of manufacture—there are no quarries of marble in all the West—we have no high rent or city taxes, or high prices for fuel and other expenses attending businesses in St. Paul and other cities. We get our freight at our door as cheap as though it were in St. Paul and other cities. We get our freight at our door as cheap as though it were in St. Paul and other cities. We get our freight at our door as cheap as though it were in St. Paul and other cities.

Please write to us before you buy, or wait to see our authorized agent, who has our certificates, and who has been in the business of selling for others at prices one-third higher than ours, and offering poor work.

Marble Works

The undersigned having entered into a co-partnership for the more extensive manufacture of

MARBLE MONUMENTS,
GRAVE-STONES, &c.,

are now prepared to fill all orders for Grave-stones or Monuments at about twenty-five per cent less than any other establishment in the West.

Prices must come down, and we have begun to do so. We will carry it out.

However, Mr. C. J. Aldrich has sold more Marble in Minnesota than any other man living in the State, and parties need only to visit the Cemetery at Stillwater, or inquire of the parties to whom he has sold to know that he sells the best work in the West. We have advantages over any other point on the river as a place of manufacture. We are at the head of navigation in all low water—we have no high rents or taxes, or high prices for fuel and other expenses attending the business in St. Paul and other cities. We get our freight at our door as cheap as though it were left at any point on the river below by through contract. We deliver and set up and warrant all our work.

Please write to us before you buy, or wait to see our authorities, agents, who have our certificates. Do not be deceived—there are agents traveling who falsely represent us, but are selling for others at prices one-third higher than ours, and offering poorer work.
